CAN I USE THE REFILE FINAL FILING DEADLINE DATE OF JULY 7, 2014 FOR OCTOBER 2014 GE, PE, PLS, SE, OR TR (traffic) EXAMS?

If you were never approved to sit for an examination, you are *not* eligible to use a refile application.

If you have an approved application and it is within 24 months of your last examination, you *can* use the refile application found [here](#). Follow all instructions on the form regarding refile with BPELSG and NCEES registration if applicable.

If it has been more than 24 months since you last sat for an exam, you must contact your evaluator for further instructions on which forms will be needed. The evaluator's contact information is listed [here](#).

Please follow these guidelines to properly submit your refile application by the JULY 7, 2014 postmark deadline:

Submit the proper fees. See fee schedule [here](#).

Mail the refile application to:

Board for Professional Engineers, Land Surveyors, and Geologists
2535 Capitol Oaks Drive, Suite 300
Sacramento, CA 95833-2944

Tracking or delivery confirmation is recommended so you know the Board has received your application.

Please note: *At this time due to the high volume of applications, the Board cannot entertain requests asking if an application has been received or the status of your application either through phone calls or emails. It is the Board's intent to notify you in plenty of time to register/schedule for the proper exam; NCEES **closes** August 28, 2014 for PE, PLS, and SE exam registration and Prometric, Inc. registration for CA State Specific exams will start about 5-6 weeks prior to exam date(s). Your patience is greatly appreciated!*
