SB 1120 (Jones, R-El Cajon)
Engineering, land surveying, and geology.

Status/History: 6/15/2022 – Read second time and amended. Re-referred to the Assembly Committee on Appropriations.

Location: 6/20/2022 – Appropriations Committee

Introduced: 2/16/2022

Amended: 6/15/2022

Board Position: Support (as of 5/2/2022)

Board Staff Analysis: 6/20/2022

Bill Summary: As amended March 2, March 15, and June 15, 2022:

Existing law establishes the Board for Professional Engineers, Land Surveyors, and Geologists to license and regulate engineers under the Professional Engineers Act, to license and regulate land surveyors under the Professional Land Surveyors’ Act, and to license and regulate geologists and geophysicists under the Geologist and Geophysicist Act. This bill would require an applicant for certification or licensure with a valid email address to report their email address to the Board at the time of application, require a license or certificate holder with a valid email address to report their email address at the time of renewal, and require applicants and licensees to notify the Board of any change to an email address, as specified. The bill would, in the interest of protecting the privacy of applicants and licensees, prohibit from disclosure all email addresses provided by applicants or licensees.

Existing law (the Professional Engineers Act) requires the Board, within 60 to 90 days before the expiration of a certificate of registration or certificate of authority, to mail notice of the pending expiration to a registrant or authority holder, as specified. This bill would repeal that provision.

Existing law also provides that the Professional Engineers Act and the Professional Land Surveyors’ Act do not prevent an individual or business engaged in any line of endeavor other than the practice of civil, electrical, or mechanical engineering or land surveying, respectively, from employing or contracting with an appropriately licensed individual to perform the respective engineering or land surveying services incidental to the conduct of business. This bill would delete that provision and would make conforming changes.

Existing law (the Public Resources Code) prescribes requirements for the surveying and mapping of plane coordinates within the state, as described. Existing law establishes the system of plane coordinates that has been established by the National Geodetic Survey for defining and stating the positions or locations of points on the surface of the earth within the State of California, as described, known as the “California Coordinate System of 1983.” Existing law requires any survey that uses or establishes California Coordinate System of 1983 (CCS83) values to meet specified requirements, including that the survey be referenced to and have field-observed statistically independent connections to one or more horizontal reference stations, as specified. This bill would, starting January 1, 2023, instead require any survey that establishes a CCS83 value to be referenced to and shall have field-observed statistically independent connections to two or more horizontal reference stations.

Affected Laws: An act to amend Sections 6738, 6787, 8729, and 8792 of, to add Sections 6767, 7856, and 8753 to, and to repeal Section 6795.1 of, the Business and Professions Code, and Section 8813.1 of the Public Resources Code, relating to engineering, land surveying, and geology.

Staff Comment: Senator Brian Jones agreed to carry the Board’s legislative proposals relating to requiring applicants and licensees to provide the Board with an email address (if they have one) and engineering and land surveying businesses.

The other language in this bill would update the Public Resources Code to include references to the “California Coordinate System of 2022.” This portion is sponsored by the California Land Surveyors Association (CLSA). These proposed changes do not impact the Board or its operations.

At its March 7, 2022, meeting, the Board took a position of “Support” on SB 1120, as amended March 2, 2022.

SB 1120 was amended on March 15, 2022, to remove a provision that would have authorized the Board to require applicants and licensees to confirm the filed email address was current, as the Board deemed necessary. It was determined that this provision was not necessary and could be viewed as requiring the Board to audit the email addresses, thus creating a potential workload issue. At its May 2, 2022, meeting, the Board took a position of “Support” on SB 1120, as amended March 15, 2022.

The bill passed the Senate floor on consent. SB 1120 was heard in the Assembly Business and Professions Committee on June 14, 2022. During the hearing, the author proposed amendments to remove the proposed changes to Public Resources Code section 8801 that dealt with the 2022 updates to the State Plane Coordinate System; these updates have been delayed. These amendments were accepted, and the bill passed out of the Committee and has been referred to the Assembly Appropriations Committee. These amendments do not affect the Board or its operations.

Staff Recommendation: Staff recommends the Board take a position of “Support” on SB 1120, as amended June 15, 2022.

AMENDED IN ASSEMBLY JUNE 15, 2022

AMENDED IN SENATE MARCH 15, 2022

AMENDED IN SENATE MARCH 2, 2022

SENATE BILL

No. 1120

Introduced by Senator Jones

February 16, 2022

An act to amend Sections 6738, 6787, 8729, and 8792 of, to add Sections 6767, 7856, and 8753 to, and to repeal Section 6795.1 of, the Business and Professions Code, and to amend ~~Sections 8801 and~~ *Section* 8813.1 of the Public Resources Code, relating to engineering, land surveying, and geology.

LEGISLATIVE COUNSEL'S DIGEST

SB 1120, as amended, Jones. Engineering, land surveying, and geology.

(1) Existing law establishes the Board for Professional Engineers, Land Surveyors, and Geologists, which is within the Department of Consumer Affairs, to license and regulate engineers under the Professional Engineers Act, to license and regulate land surveyors under the Professional Land Surveyors' Act, and to license and regulate geologists and geophysicists under the Geologist and Geophysicist Act. Existing law makes any violation of those acts a misdemeanor.

This bill would require an applicant for licensure as an engineer, land surveyor, geologist, or geophysicist, or an applicant for certification as an engineer-, land surveyor-, or geologist-in-training, with a valid email address to report their email address to the board at the time of application, require a license or certificate holder to report their email address at the time of renewal, and require applicants and certificate or

license holders to notify the board of any change to an email address, as specified. The bill, in the interest of protecting the privacy of applicants and certificate or license holders, would prohibit the public disclosure of their email addresses pursuant to specified law, except as provided.

By expanding the application of a crime under the Professional Engineers Act, the Professional Land Surveyors' Act, and the Geologist and Geophysicist Act, the bill would impose a state-mandated local program.

(2) Existing law requires the board, within 60 to 90 days before the expiration of a certificate of registration or certificate of authority, to mail notice of the pending expiration to a registrant or authority holder, as specified.

This bill would repeal that provision.

(3) Existing law also provides that the Professional Engineers Act and the Professional Land Surveyors' Act do not prevent an individual or business engaged in any line of endeavor other than the practice of civil, electrical, or mechanical engineering or land surveying, respectively, from employing or contracting with an appropriately licensed individual to perform the respective engineering or land surveying services incidental to the conduct of business.

This bill would delete that provision and would make conforming changes.

(4) Existing law prescribes requirements for the surveying and mapping of plane coordinates within the state, as described. Existing law establishes the system of plane coordinates that has been established by the National Geodetic Survey for defining and stating the positions or locations of points on the surface of the earth within the State of California, as described, known as the "California Coordinate System of 1983."

~~This bill would provide that the California portion of the system of plane coordinates defined as the State Plane Coordinate System of 2022 shall be known as the "California Coordinate System of 2022," as provided.~~

~~(5) Existing~~

~~Existing law requires any survey that uses or establishes California Coordinate System of 1983 (CCS83) values to meet specified requirements, including that the survey be referenced to and have field-observed statistically independent connections to one or more horizontal reference stations, as specified.~~

This bill would, starting January 1, 2023, instead require any survey that establishes a CCS83 value to be referenced to and shall have field-observed statistically independent connections to two or more horizontal reference stations. The bill would make conforming and nonsubstantive changes.

~~(6)~~

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

~~(7)~~

(6) Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.

This bill would make legislative findings to that effect.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. Section 6738 of the Business and Professions

21 mechanical engineering in this state according to this chapter

32 registered civil, electrical, or mechanical engineer, or any other
33 title whereby that person could be considered as practicing or
34 offering to practice civil, electrical, or mechanical engineering in
35 any of its branches, unless they are correspondingly qualified by
36 licensure as a civil, electrical, or mechanical engineer under this
37 chapter.

38 (g) Unless appropriately licensed, manages, or conducts as
39 manager, proprietor, or agent, any place of business from which
40 civil, electrical, or mechanical engineering work is solicited,

6 specified in Sections 6736 and 6736.1, or “engineer-in-training,”
7 or makes use of any abbreviation of that title that might lead to
8 the belief that the person is a licensed engineer, is authorized to
9 use the titles specified in Section 6736 or 6736.1, or holds a
10 certificate as an engineer-in-training, without being licensed,
11 authorized, or certified as required by this chapter.

12 (i) Uses the title “consulting engineer” without being licensed

15 Regular Session.

16 (j) Violates any provision of this chapter.

17 SEC. 5. Section 6795.1 of the Business and Professions Code

19 SEC. 6. Section 7856 is added to the Business and Professions
20 Code, to read:

21 7856. (a) Each applicant for licensure or certification who has
22 a valid email address shall report to the board that email address
23 at the time of application.

24 (b) Each certificate or license holder who has a valid email
25 address shall report that email address to the board at the time of
26 renewal.

27 (c) Each applicant or certificate or license holder shall notify
28 the board within 30 days of any change to their email address on
29 file with the board.

30 (d) In the interest of protecting the privacy of applicants and
31 certificate or license holders, the email address provided to the
32 board pursuant to this chapter shall not be considered a public
33 record and shall not be disclosed pursuant to Section 27 or pursuant
34 to a request under the California Public Records Act (Division 10

2 land surveyors or civil engineers licensed in this state before 1982
3 (hereinafter called civil engineers) from practicing or offering to
4 practice, within the scope of their licensure, land surveying as a
5 sole proprietorship, partnership, limited liability partnership, firm,
6 or corporation (hereinafter called business), if the following
7 conditions are satisfied:

8 (1) A land surveyor or civil engineer currently licensed in the
9 state is an owner, partner, or officer in charge of the land surveying
10 practice of the business.

11 (2) All land surveying services are performed by or under the
12 responsible charge of a land surveyor or civil engineer.

13 (3) If the business name of a California land surveying business
14 contains the name of a person, then that person shall be licensed
15 by the board as a land surveyor or licensed by the board in any
16 year as a civil engineer. Any offer, promotion, or advertisement
17 by the business that contains the name of any individual in the

20 discipline of each individual named.

30 business, other than by use of the name of the individual in the
31 business name, shall clearly and specifically designate the license
32 or registration discipline of each individual named.

37 (d) A person not licensed under this chapter or licensed as a
38 civil engineer in this state before 1982 may also be a partner or an
39 officer of a land surveying business if the conditions of subdivision
40 (a) are satisfied. This section does not permit a person who is not

1 licensed under this chapter or licensed as a civil engineer in this
2 state before 1982 to be the sole owner or office of a land surveying
3 business, unless otherwise exempt under this chapter.

4 (e) This section shall not prevent the use of the name of any
5 business engaged in rendering land surveying services, including
6 the use by any lawful successor or survivor, that lawfully was in
7 existence on June 1, 1941. However, the business is subject to the
8 provisions of paragraphs (1) and (2) of subdivision (a).

9 (f) A business engaged in rendering land surveying services
10 may use in its name the name of a deceased or retired person if
11 the following conditions are satisfied:

12 (1) The person's name had been used in the name of the
13 business, or a predecessor in interest of the business, before the
14 death or retirement of the person.

16 the business, or an owner, partner, or officer of the predecessor in

19 civil engineer by the board, if operating a place of business or
20 practice in this state, or by an applicable state board in the event
21 no place of business existed in this state.

22 (4) The person, if retired, has consented to the use of the name
23 and does not permit the use of the name in the title of another land
24 surveying business in this state during the period of that consent,
25 except that a retired person may use their name as the name of a
26 new or purchased business, if that business is not identical in every
27 respect to that person's name as used in the former business.

28 (5) The business shall be subject to paragraphs (1) and (2) of
29 subdivision (a).

30 (g) This section does not affect Sections 6731.2 and 8726.1.

31 (h) A current organization record form shall be filed with the
32 board for all businesses engaged in rendering professional land
33 surveying services.

34 (i) This section shall remain in effect only until January 1, 2026,
35 and as of that date is repealed.

36 SEC. 8. Section 8729 of the Business and Professions Code,
37 as amended by Section 4 of Chapter 150 of the Statutes of 2018,
38 is amended to read:

39 8729. (a) This chapter does not prohibit one or more licensed
40 land surveyors or civil engineers licensed in this state before 1982

1 (hereinafter called civil engineers) from practicing or offering to
2 practice within the scope of their licensure, land surveying as a
3 sole proprietorship, partnership, firm, or corporation (hereinafter

7 practice of the business.

8 (2) All land surveying services are performed by or under the
9 responsible charge of a land surveyor or civil engineer.

10 (3) If the business name of a California land surveying business
11 contains the name of a person, then that person shall be licensed
12 by the board as a land surveyor or licensed by the board in any
13 year as a civil engineer. Any offer, promotion, or advertisement
14 by the business that contains the name of any individual in the
15 business, other than by use of the name of the individual in the
16 business name, shall clearly and specifically designate the license
17 discipline of each individual named.

27 business, other than by use of the name of the individual in the
28 business name, shall clearly and specifically designate the license

34 (d) A person not licensed under this chapter or licensed as a
35 civil engineer in this state before 1982 may also be a partner or an

38 licensed under this chapter or licensed as a civil engineer in this
39 state before 1982 to be the sole owner or office of a land surveying
40 business, unless otherwise exempt under this chapter.

1 (e) This section shall not prevent the use of the name of any
2 business engaged in rendering land surveying services, including
3 the use by any lawful successor or survivor, that lawfully was in
4 existence on June 1, 1941. However, the business is subject to the
5 provisions of paragraphs (1) and (2) of subdivision (a).

6 (f) A business engaged in rendering land surveying services
7 may use in its name the name of a deceased or retired person if
8 the following conditions are satisfied:

13 the business, or an owner, partner, or officer of the predecessor in
14 interest of the business.

15 (3) The person shall have been licensed as a land surveyor or a
16 civil engineer by the board, if operating a place of business or
17 practice in this state, or by an applicable state board in the event
18 no place of business existed in this state.

19 (4) The person, if retired, has consented to the use of the name
20 and does not permit the use of the name in the title of another land
21 surveying business in this state during the period of that consent,
22 except that a retired person may use their name as the name of a
23 new or purchased business, if that business is not identical in every
24 respect to that person's name as used in the former business.

25 (5) The business shall be subject to paragraphs (1) and (2) of
26 subdivision (a).

27 (g) This section does not affect Sections 6731.2 and 8726.1.

28 (h) A current organization record form shall be filed with the
29 board for all businesses engaged in rendering professional land
30 surveying services.

31 (i) This section shall become operative on January 1, 2026.

37 of that title that might lead to the belief that the person is a licensed
38 land surveyor or holds a certificate as a land surveyor-in-training,
39 without being licensed or certified as required by this chapter.

1 (i) Unless appropriately licensed, manages, or conducts as
