Next Steps After Taking Your Exam(s)-
For Engineer-in-Training (EIT), Land Surveyor-in-Training (LSIT), Professional Engineer (PE), Professional Land Surveying (PLS), Structural Engineer (SE), and Geotechnical Engineer (GE) Applicants

Engineer-in-Training (EIT) and Land Surveyor-in-Training (LSIT) Applicants

If you passed the NCEES Fundamentals of Engineering (FE) or Fundamentals of Surveying (FS) Exam: Submit a complete application for certification as an Engineer-in-Training (EIT) or a Land Surveyor-in-Training (LSIT) through BPELSG Connect once you have the required qualifying experience.

Applicants who have passed the required exam and fulfilled all certification requirements will be issued a wall certificate. The wall certificate will be mailed to the applicant approximately four (4) to six (6) weeks after application approval.

If your contact information has changed since you submitted your application, login to your BPELSG Connect account to change your address.

If you failed the NCEES Fundamentals of Engineering (FE) or Fundamental of Surveying (FS) Exam: Login to your MyNCEES account to register for the exam. You do not need to submit a Re-Examination Application to the Board or notify the Board in any way. View the Exam Schedule for additional information.

If you passed the NCEES Principles and Practice of Engineering (PE) exam: Submit a complete application for licensure to the Board through BPELSG Connect once you have the required qualifying experience.

If you submitted an application for licensure to the Board prior to passing the NCEES PE exam, submit a Notice of Successful National Examination Form via mail to the address in the header, or via email to the following email address: BPELSG.Application.Information@dca.ca.gov.

License numbers are issued every two (2) weeks for eligible applicants who have passed the required exam and fulfilled all licensure requirements. Once it is determined that you qualify for licensure, your license number will be issued. You can search by name on License Lookup to check if your license has been issued.

Your wall certificate will be mailed to you approximately four (4) to six (6) weeks after your license is issued. You will also receive a plastic pocket ID card in the mail approximately 12 weeks after your license is issued.

Revised 12/2021
If your contact information has changed since you submitted your application, submit an address change. If you submitted an application through BPELSG Connect, login to your BPELSG Connect account to change your address. If you submitted a paper application before the launch of applications in BPELSG Connect, submit an address change using the Online Address Change Form.

In accordance with Business and Professions Code section 6764, each Professional Engineer shall, upon licensure, obtain a seal or stamp. Please refer to Title 16, California Code of Regulations section 411 for specific information about seal and signature requirements.

**If you failed the NCEES Principles and Practice of Engineering (PE) exam:** Login to your MyNCEES account to register for the applicable exam. You do **not** need to submit a Re-Examination Application to the Board or notify the Board in any way. View the Exam Schedule for additional information.

---

**Civil Engineer Applicants**

**If you passed the NCEES Principles and Practice of Engineering (PE) exam:** Submit a complete application for licensure to the Board through BPELSG Connect once you have the required qualifying experience. Applications are accepted on a continuous basis. View the Applying for Licensure as a Civil Engineer page for additional information. Upon application approval you will be eligible to take the two (2) state-specific exams required for licensure (Civil Seismic Principles and Civil Engineering Surveying).

If you submitted an application for licensure to the Board prior to passing the NCEES PE exam, submit a Notice of Successful National Examination Form via mail to the address in the header, or via email to the following email address: BPELSG.Application.Information@dca.ca.gov.

**If you passed the NCEES Principles and Practice of Engineering (PE) exam and the state-specific exams (Civil Seismic Principles and Civil Engineering Surveying):** License numbers are issued every two (2) weeks for eligible applicants who have passed the required exams and fulfilled all licensure requirements. Once it is determined that you qualify for licensure, your license number will be issued. You can search by name on License Lookup to check if your license has been issued.

Your wall certificate will be mailed to you approximately four (4) to six (6) weeks after your license is issued. You will also receive a plastic pocket ID card in the mail approximately 12 weeks after your license is issued.

If your contact information has changed since you submitted your application, submit an address change. If you submitted an application (initial and/or re-exam) through BPELSG Connect, login to your BPELSG Connect account to change your address. If you submitted a paper application before the launch of applications in BPELSG Connect, and have not submitted a Re-Exam Application through BPELSG Connect, submit an address change using the Online Address Change Form.

In accordance with Business and Professions Code section 6764, each Professional Engineer shall, upon licensure, obtain a seal or stamp. Please refer to Title 16, California Code of Regulations section 411 for specific information about seal and signature requirements.

**If you failed the NCEES Principles and Practice of Engineering (PE) exam:** Login to your MyNCEES account to register for the exam. You do **not** need to submit a Re-Examination Application to the Board or notify the Board in any way. View the Exam Schedule for additional information.
If you failed the state-specific exam(s) (Civil Seismic Principles and/or Civil Engineering Surveying): Submit a complete Re-Examination Application to the Board through BPELSG Connect. Applications are accepted on a continuous basis. View the Applying for Licensure as a Civil Engineer page for additional information.

Traffic Engineer Applicants

If you passed the state-specific Traffic Engineer exam: License numbers are issued every two (2) weeks for eligible applicants who have passed the required exam and fulfilled all licensure requirements. Once it is determined that you qualify for licensure, your license number will be issued. You can search by name on License Lookup to check if your license has been issued.

Your wall certificate will be mailed to you approximately four (4) to six (6) weeks after your license is issued. You will also receive a plastic pocket ID card in the mail approximately 12 weeks after your license is issued.

If your contact information has changed since you submitted your application, submit an address change using the Online Address Change Form.

In accordance with Business and Professions Code section 6764, each Professional Engineer shall, upon licensure, obtain a seal or stamp. Please refer to Title 16, California Code of Regulations section 411 for specific information about seal and signature requirements.

If you failed the state-specific Traffic Engineer exam: Submit a complete Re-Examination Application to the Board. Applications are accepted on a continuous basis. View the Exam Schedule for additional information.

Professional Land Surveyor (PLS) Applicants

If you passed the NCEES Principles and Practice of Surveying (PS) Exam: Submit a complete application for licensure to the Board through BPELSG Connect once you have the required qualifying experience. Upon application approval you will be eligible to take the state-specific Professional Land Surveyor exam required for licensure.

If you submitted an application for licensure to the Board prior to passing the NCEES PS exam, submit a Notice of Successful National Examination Form via mail to the address in the header, or via email to the following email address: BPELSG.Application.Information@dca.ca.gov.

If you passed the NCEES Principles and Practice of Surveying (PS) Exam and the state-specific Professional Land Surveyor exam: License numbers are issued every two (2) weeks for eligible applicants who have passed the required exams and fulfilled all licensure requirements. Once it is determined that you qualify for licensure, your license number will be issued. You can search by name on License Lookup to check if your license has been issued.

Your wall certificate will be mailed to you approximately four (4) to six (6) weeks after your license is issued. You will also receive a plastic pocket ID card in the mail approximately 12 weeks after your license is issued.
If your contact information has changed since you submitted your application, submit an address change. If you submitted an application (initial and/or re-exam) through BPELSG Connect, login to your BPELSG Connect account to change your address. If you submitted a paper application before the launch of applications in BPELSG Connect, and have not submitted a Re-Exam Application through BPELSG Connect, submit an address change using the Online Address Change Form.

In accordance with Business and Professions Code section 8750, each Professional Land Surveyor shall, upon licensure, obtain a seal or stamp. Please refer to Title 16, California Code of Regulations section 411 for specific information about seal and signature requirements.

If you failed the NCEES Principles and Practice of Surveying (PS) Exam: Login to your MyNCEES account to register for the exam. You do not need to submit a Re-Examination Application to the Board or notify the Board in any way. View the Exam Schedule for additional information.

If you failed the state-specific Professional Land Surveyor exam: Submit a complete Re-Examination Application to the Board through BPELSG Connect. Applications are accepted on a continuous basis. View the Exam Schedule for additional information.

Structural Engineer (SE) Applicants

If you passed both components (vertical forces and lateral forces) of the NCEES 16-hour PE Structural Exam after submitting an application for licensure to the Board: Submit a Notice of Successful National Examination Form via mail to the address in the header, or via email to the following email address: BPELSG.Application.Information@dca.ca.gov.

License numbers are issued every two (2) weeks for eligible applicants who have passed the required exams and fulfilled all licensure requirements. Once it is determined that you qualify for licensure, your license number will be issued. You can search by name on License Lookup to check if your license has been issued.

Your wall certificate will be mailed to you approximately four (4) to six (6) weeks after your license is issued. You will also receive a plastic pocket ID card in the mail approximately 12 weeks after your license is issued.

If your contact information has changed since you submitted your application, submit an address change using the Online Address Change Form.

In accordance with Business and Professions Code section 6764, each Professional Engineer shall, upon licensure, obtain a seal or stamp. Please refer to Title 16, California Code of Regulations section 411 for specific information about seal and signature requirements.

If you passed both components (vertical forces and lateral forces) of the NCEES 16-hour PE Structural Exam outside of California prior to submitting an application for licensure to the Board: Submit a complete application for licensure to the Board once you have the required qualifying experience.

License numbers are issued every two (2) weeks for eligible applicants who have passed the required exams and fulfilled all licensure requirements. Once it is determined that you qualify for licensure, your license number will be issued. You can search by name on License Lookup to check if your license has been issued.
Your wall certificate will be mailed to you approximately four (4) to six (6) weeks after your license is issued. You will also receive a plastic pocket ID card in the mail approximately 12 weeks after your license is issued.

If your contact information has changed since you submitted your application, submit an address change using the Online Address Change Form.

In accordance with Business and Professions Code section 6764, each Professional Engineer shall, upon licensure, obtain a seal or stamp. Please refer to Title 16, California Code of Regulations section 411 for specific information about seal and signature requirements.

If you failed a component (vertical forces or lateral forces) of the NCEES 16-hour PE Structural Exam after submitting an application for licensure to the Board: Login to your MyNCEES account to register for the exam. You do not need to submit a Re-Examination Application to the Board or notify the Board in any way. View the Exam Schedule for additional information.

Geotechnical Engineer (GE) Applicants

If you passed the state-specific Geotechnical Engineer exam: License numbers are issued every two (2) weeks for eligible applicants who have passed the required exam and fulfilled all licensure requirements. Once it is determined that you qualify for licensure, your license number will be issued. You can search by name on License Lookup to check if your license has been issued.

Your wall certificate will be mailed to you approximately four (4) to six (6) weeks after your license is issued. You will also receive a plastic pocket ID card in the mail approximately 12 weeks after your license is issued.

If your contact information has changed since you submitted your application, submit an address change using the Online Address Change Form.

In accordance with Business and Professions Code section 6764, each Professional Engineer shall, upon licensure, obtain a seal or stamp. Please refer to Title 16, California Code of Regulations section 411 for specific information about seal and signature requirements.

If you failed the state-specific Geotechnical Engineer exam: Submit a complete Re-Examination Application to the Board. Applications are accepted on a continuous basis. View the Exam Schedule for additional information.
