24 official capacity and is represented in this matter by Kamala D. Harris, Attorney General of the
25 State of California, by David E. Hausfeld, Deputy Attorney General.

26 2. Respondent Wallace Mark Beron (Respondent) is represented in this proceeding by
27 attorney John C. Goodman, Esq., whose address is: P.O. Box 504066, San Diego, CA 92150-
28 4066.

1 3. On or about August 10, 1977, the Board for Professional Engineers, Land Surveyors,
2 and Geologists issued Civil Engineer License No. C 27697 to Wallace Mark Beron (Respondent).
3 The Civil Engineer License was in full force and effect at all times relevant to the charges brought
4 in Accusation and Petition to Revoke Probation No. 931-A and will expire on March 31, 2012,
5 unless renewed.

6 **JURISDICTION**

7 4. Accusation and Petition to Revoke Probation No. 931-A was filed before the Board
8 for Professional Engineers, Land Surveyors, and Geologists (Board), Department of Consumer
9 Affairs, and is currently pending against Respondent. The Accusation and Petition to Revoke
10 Probation and all other statutorily required documents were properly served on Respondent on
11 October 27, 2010. Respondent timely filed his Notice of Defense contesting the Accusation and
12 Petition to Revoke Probation. A copy of Accusation and Petition to Revoke Probation No. 931-A
13 is attached as Exhibit A and incorporated herein by reference.

14 **ADVISEMENT AND WAIVERS**

16 charges and allegations in the Accusation and Petition to Revoke Probation No. 931-A.
17 Respondent has also carefully read, fully discussed with counsel, and understands the effects of
18 this Stipulated Settlement and Disciplinary Order.

23 witnesses and the production of documents; the right to reconsideration and court review of an
24 adverse decision; and all other rights accorded by the California Administrative Procedure Act
25 and other applicable laws.

26 7. Respondent voluntarily, knowingly, and intelligently waives and gives up each and
27 every right set forth above.

28 ///

1 **CULPABILITY**

2 8. Respondent understands and agrees that the charges and allegations in Accusation
3 and Petition to Revoke Probation No. 931-A, if proven at a hearing, constitute cause for
4 imposing discipline upon his Civil Engineering License.

5 9. For the purpose of resolving the Accusation and Petition to Revoke Probation without
6 the expense and uncertainty of further proceedings, Respondent agrees that, at a hearing,
7 Complainant could establish a factual basis for the charges in the Accusation, and that
8 Respondent hereby gives up his right to contest those charges.

9 10. Respondent agrees that his Civil Engineer License is subject to discipline and he
10 agrees to be bound by the Board's imposition of discipline as set forth in the Disciplinary Order
11 below.

12 **RESERVATION**

13 11. The admissions made by Respondent herein are only for the purposes of this
14 proceeding, or any other proceedings in which the Board or other professional licensing agency is

18 Land Surveyors, and Geologists. Respondent understands and agrees that counsel for
19 Complainant and the staff of the Board for Professional Engineers, Land Surveyors, and
20 Geologists may communicate directly with the Board regarding this stipulation and settlement,
21 without notice to or participation by Respondent or his counsel. By signing the stipulation,
22 Respondent understands and agrees that he may not withdraw his agreement or seek to rescind the
23 stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this
24 stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of
25 no force or effect, except for this paragraph, it shall be inadmissible in any legal action between
26 the parties, and the Board shall not be disqualified from further action by having considered this
27 matter.

28 ///

13. The parties understand and agree that facsimile copies of this Stipulated Settlement and Disciplinary Order, including facsimile signatures thereto, shall have the same force and effect as the originals.

14. This Stipulated Settlement and Disciplinary Order is intended by the parties to be an integrated writing representing the complete, final, and exclusive embodiment of their agreement. It supersedes any and all prior or contemporaneous agreements, understandings, discussions, negotiations, and commitments (written or oral). This Stipulated Settlement and Disciplinary Order may not be altered, amended, modified, supplemented, or otherwise changed except by a writing executed by an authorized representative of each of the parties.

15. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Disciplinary Order:

3 REGULATORY PROVISIONS

4 7. California Code of Regulations. Title 16, section 475 states, in pertinent part:

5 To protect and safeguard the health, safety, welfare, and property of the
6 public, every person who is licensed by the Board as a professional engineer,
7 including licensees employed in any manner by a governmental entity or in private
8 practice, shall comply with this Code of Professional Conduct. A violation of this
9 Code of Professional Conduct in the practice of professional engineering
10 constitutes unprofessional conduct and is grounds for disciplinary action pursuant
11 to Section 6775 of the Code. This Code of Professional Conduct shall be used for
12 the sole purpose of investigating complaints and making findings thereon under
13 Section 6775 of the Code.

14 (a) Compliance with Laws Applicable to a Project:

15 A licensee shall provide professional services for a project in a manner that
16 is consistent with the laws, codes, ordinances, rules, and regulations applicable to
17 that project. A licensee may obtain and rely upon the advice of other professionals
18 (e.g., architects, attorneys, professional engineers, professional land surveyors, and
19 other qualified persons) as to the intent and meaning of such laws, codes, and
20 regulations.

....

21 (c) Representations:

....

22 (7) A licensee shall only express professional opinions that have a basis in
23 fact or experience or accepted engineering principles.

....

24 COST RECOVERY

25 8. Section 125.3 of the Code provides, in pertinent part, that the Board may request the
26 administrative law judge to direct a licentiate found to have committed a violation or violations of
27 the licensing act to pay a sum not to exceed the reasonable costs of the investigation and
28 enforcement of the case.

29 PETERS PROJECT

30 9. In or about November of 2005, Respondent was hired, on an oral contract, by Phil
31 Milana of Phil Milana Construction Co. (Milana) to perform soils engineering work for the
32 construction of a single family residence for the homeowner, J. Peters, on Christopher Lane in

1 Jamul, California. His duties consisted of observing, testing and approving the grading and soils
2 work performed on the site. Development and Design Consultants drew the grading plans and
3 was the engineer of record for the project until they were replaced by Respondent on or about
4 October 15, 2006.

5 10. During the construction of the project, the owner and the contractor made a number
6 of deviations from the approved plans while grading the site. Following these deviations and
7 changes, Respondent filed reports with the County of San Diego confirming and certifying that
8 the project had been built in substantial conformance with the plans, when in fact it had not been.

9 11. Following Respondent's assumption of duties as the engineer of record in October,
10 2006 until the current date, Respondent has never submitted the required paperwork to the County
11 of San Diego to obtain a final grading release from the County. Respondent's client, Milana, has
12 repeatedly requested Respondent submit these documents, but has been ignored. Both Milana
13 and Peters have been forced to pay substantial fines and additional costs, due to respondent's
14 failure to perform his duties.

15 **FIRST CAUSE FOR DISCIPLINE**

16 **(Deceit and Misrepresentation in the Practice of Engineering)**

17 12. Respondent is subject to disciplinary action under Code section 6775 (b) in that
18 Respondent misrepresented to the County of San Diego in his approval reports that the grading
19 work had been performed in substantial compliance with the plans, when in fact it had not.

20 **SECOND CAUSE FOR DISCIPLINE**

21 **(Negligence in the Practice of Engineering)**

22 13. Respondent is subject to disciplinary action under Code section 6775 (c) in that
23 Respondent was negligent in his practice of engineering regarding the Peters Project on
24 Christopher Lane in Jamul, California, as follows.

25 14. The supervision of the grading by Respondent did not meet the standard of care for a
26 professional civil engineer in that he allowed the site to be graded in a manner not in conformance
27 with the approved plans and did not notify the County that the grading was not in compliance. By
28

1 allowing the construction to continue, the contractor could not obtain final approval from the
2 County, which led to cost overruns and additional expenses.

3 **THIRD CAUSE FOR DISCIPLINE**

4 **(Breach of Contract in the Practice of Engineering)**

5 15. Respondent is subject to disciplinary action under Code section 6775 (d) in that
6 Respondent's failure to submit the record drawings to the County of San Diego in a timely
7 manner and not explaining to his client why the County would not issue a final grading release
8 was a breach of his professional services contract with Milana.

9 **FOURTH CAUSE FOR DISCIPLINE**

10 **(Unprofessional Conduct - Violation of a Regulation in the Practice of Engineering)**

11 16. Respondent is subject to disciplinary action under Code section 6775 (g) in that the
12 Respondent has violated a rule or regulation of unprofessional conduct adopted by the Board in
13 the California Code of Regulations, title 16, (CCR) as follows:

14 a) CCR 475 (a), Respondent provided professional services for the Peters Project in a
15 manner that was inconsistent with the laws, codes, ordinances, rules, and regulations enacted by
16 the County of San Diego applicable to that project, in that he verified the work was performed in
17 conformance with the approved plans when in fact it was not.

18 b) CCR 475 (c) (7), Respondent expressed professional opinions that did not have a
19 basis in fact, in that he verified the work was performed in conformance with the approved plans
20 when in fact it was not.

21 **CHARGES AND ALLEGATIONS TO REVOKE PROBATION**

22 17. Grounds exist for revoking the probation and reimposing the order of revocation of
23 Civil Engineer License Number C 27697 to Wallace Mark Beron (Respondent). The Board's
24 disciplinary order effective on March 23, 2007, contained Probation Condition 11, Violation of
25 probation, which provides as follows:

26
27 If the Respondent violates the probationary conditions in any respect, the
28 Board, after giving the Respondent notice and the opportunity to be heard, may
vacate the stay and reinstate the disciplinary order which was stayed. If, during

1 the period of probation, an accusation or petition to vacate stay is filed against the
2 Respondent, or if the matter has been submitted to the Office of the Attorney
3 General for the filing of such, the Board shall have continuing jurisdiction until all
4 matters are final, and the period of probation shall be extended until all matter are
5 final.

6 18. Respondent has violated the conditions of his probation as set forth below.

7 **FIRST CAUSE TO REVOKE PROBATION**

8 **(Failure to Obey all Laws Related to Engineering)**

9 19. The Board's disciplinary order effective on March 23, 2007, contained Probation
10 Condition 1, Violation of Probation, which required Respondent to do the following:

11 "The Respondent shall obey all laws and regulations related to the practice of professional
12 engineering and professional land surveying."

13 20. Respondent's probation is subject to revocation because he failed to comply with
14 Probation Condition 1, referenced above. Respondent violated the laws and regulations of the
15 practice of professional engineering as stated in the Causes for Discipline set forth above.

16 **SECOND CAUSE TO REVOKE PROBATION**

17 **(Failure to Reimburse the Board)**

18 21. The Board's disciplinary order effective on March 23, 2007, contained Probation
19 Condition 5, Cost Recovery, which required Respondent to do the following:

20 The Respondent is hereby ordered to reimburse the Board the amount of
21 \$3,083 within two and one half years from the effective date of this decision for its
22 investigation and prosecution costs. Failure to reimburse the Board's cost of its
23 investigation and prosecution shall constitute a violation of the probation order,
24 unless the Board agrees in writing to payment by an installment plan because of
25 financial hardship.

26 22. Respondent's probation is subject to revocation because he failed to comply with
27 Probation Condition 5, referenced above. Respondent made a single payment of \$500.00 to the
28 Board in January of 2010. Respondent paid the remaining balance of \$2,583 on or about
February 25, 2010, almost six months after the time for compliance required by the disciplinary
order.

4 **(Failure to Provide Quarterly Reports)**

5 27. The Board's disciplinary order effective on March 23, 2007, contained Probation
6 Condition 9, Special Reports, which required Respondent to do the following:

7
8 In addition to the aforementioned reports which may be required, Beron
9 shall submit on a quarterly basis a report to the Board listing all the civil
10 engineering and land surveying work engaged in or contracted for. The report
11 shall include all the following information: the name, address and telephone
12 number of the client; the location of the project site, and the type of civil
13 engineering or land surveying work provided. Beron shall permit the Board of
14 (sic) its designee to inspect all documents relating to civil engineering or land
15 surveying work at any stage of the project.

16 28. Respondent's probation is subject to revocation because he failed to comply with
17 Probation Condition 9, referenced above. Respondent failed to submit the quarterly reports for
18 January, April, July, and October of 2009 and January, April, and July of 2010, as required.

19 **DISCIPLINARY CONSIDERATIONS**

20 29. To determine the degree of discipline, if any, to be imposed on respondent's license,
21 Complainant alleges that effective May 24, 2002, pursuant to the Decision and Order of the Board
22 for Professional Engineers and Land Surveyors "In the Matter of the Accusation Against Wallace
23 Mark Beron", Case No. 718-A, the Board issued a decision in which Respondent's Civil Engineer
24 License was revoked. However, the revocation was stayed and Respondent's Civil Engineer
25 License was placed on probation for a period of two (2) years with certain terms and conditions.
26 Respondent complied with the terms and conditions and his license was fully restored on
27 May 24, 2004.
