For purposes of this subdivision, "college-level course" shall mean a course offered by a community college or a four year university of three semester units or the equivalent; "college-level course" does not include seminars. The Respondent shall provide the Board with official transcripts as verifiable proof of successful completion of the required courses.

5. Within three (3) years of the effective date of the Decision, the Respondent shall successfully complete and pass the professional ethics course "Advanced Studies in Engineering Ethics" (ENGR ETHICS PDH-60) as offered through correspondence by the Murdough Center for Engineering Professionalism of Texas Tech University. The Respondent may submit an alternate equivalent professional ethics course for review and approval by the Board or its

1 designee if he so chooses; said alternate course must be submitted for review and approval prior  
2 to the respondent's completion of said course. The Respondent shall provide the Board with  
3 verifiable proof that he has completed a Board-approved professional ethics course.

4 6. After the completion of the 90-day suspension ordered by Condition 1, and until  
5 completion of the examinations required by Conditions 2 and 3 and the courses required by  
6 Conditions 4 and 5, the Respondent may practice geotechnical engineering only under the review  
7 and monitoring of a professional civil engineer who specializes in geotechnical engineering or a  
8 professional geotechnical engineer. The reviewing licensee(s) shall be approved in advance by  
9 the Board or its designee. The reviewing licensee(s) shall initial every geotechnical engineering  
10 document prepared by the Respondent in close proximity to the Respondent's signature and seal.  
11 The Board or its designee may request that the reviewing licensee(s) submit written reports  
12 regarding his or her review of the respondent's engineering work.

13 7. Within 30 days of the effective date of the Decision, the Respondent shall provide the  
14 Board with evidence that he has provided all persons or entities with whom he has a contractual  
15 or employment relationship in the area of practice of professional engineering and/or professional  
16 land surveying with a copy of the decision and order of the Board and shall provide the Board  
17 with the name and business address of each person or entity required to be so notified. During  
18 the period of probation, the Respondent may be required to provide the same notification to each

22 8. Within four (4) years of the effective date of the Decision, the Respondent shall  
23 reimbursement the Board for its investigation and enforcement costs in the amount of \$4,241.00.  
24 Said amount may be paid in installments.

25 9. The Respondent shall obey all laws and regulations related to the practices of professional  
26 engineering and professional land surveying, including, but not limited to, not allowing other  
27 individuals to use his professional engineer stamp.

28 ///

1 10. The Respondent shall submit such special reports as the Board or its designee may  
2 require. Such special reports may include, but are not limited to, review of the Respondent's  
3 engineering work by the Board or its designee.

4 11. The period of probation shall be tolled during the time the Respondent is practicing  
5 exclusively outside the state of California. If, during the period of probation, the Respondent  
6 practices exclusively outside the state of California, the respondent shall immediately notify the  
7 Board in writing.

8 12. If the Respondent violates the probationary conditions in any respect, the Board, after  
9 giving the Respondent notice and the opportunity to be heard, may vacate the stay and reinstate  
10 the disciplinary order which was stayed. If, during the period of probation, an Accusation or  
11 Petition to Vacate Stay or Revoke Probation is filed against the Respondent, or if the matter has  
12 been submitted to the Office of the Attorney General for the filing of such, the Board shall have  
13 continuing jurisdiction until all matters are final, and the period of probation shall be extended  
14 until all matters are final.

## JURISDICTION

3. This Accusation is brought before the Board for Professional Engineers and Land Surveyors (Board), Department of Consumer Affairs, under the authority of the following sections of the Business and Professions Code:

A. Section 6731 states:

" Civil engineering embraces the following studies or activities in connection with fixed works for irrigation, drainage, waterpower, water supply, flood control, inland waterways, harbors, municipal improvements, railroads, highways, tunnels, airports and airways, purification of water, sewerage, refuse disposal, foundations, grading framed and homogeneous structures, buildings, or bridges:

(a) The economics of, the use and design of, materials of construction and the determination of their physical properties.

(b) The supervision of the construction of engineering structures.

(c) The investigation of the laws, phenomena and forces of nature.

(d) Appraisals and valuations.

(e) The preparation or submission of designs, plans and specifications and engineering reports.

(f) Coordination of the work of professional, technical, or special consultants.

(g) Creation, preparation, or modification of electronic or computerized data in the performance of the activities described in subdivisions (a) through (f).

"Civil engineering also includes city and regional planning insofar as any of the above features are concerned therein.

"Civil engineers registered prior to January 1, 1982 shall be authorized to practice all land surveying as defined in Chapter 15 (commencing with Section 8700) of Division 3."

B. Section 6731.1 states:

"Civil engineering also includes the practice or offer to practice, either in a public or private capacity, all of the following:

(a) Locates, relocates, establishes, reestablishes, or retraces the alignment or elevations

1 for any of the fixed works embraced with the practice of civil engineering, as described in  
2 Section 6731.

3 (b) Determines the configuration or contour of the earth's surface or the position of fixed  
4 objects thereon or related thereto, by means of measuring lines and angles, and applying the  
5 principles of trigonometry or photogrammetry.

6 (c) Creates, prepares, or modifies electronic or computerized data in the performance of  
7 the activities described in subdivisions (a) and (b)."

8 C. Section 6775 states, in pertinent part, that "[T]he board may reprove, suspend for  
9 a period not to exceed two years, or revoke the certificate of any professional engineer registered  
10 under this chapter:

11 "....

12 "(c) Who has been found guilty by the board of negligence or incompetence in his or her  
13 practice.

14 "(f) Who aids or abets any person in the violation of any provision of this chapter.

15 "...."

16 D. Section 125.3 provides, in pertinent part, that the Board may request the  
17 administrative law judge to direct a licentiate found to have committed a violation or violations  
18 of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and  
19 enforcement of the case.

20 4. This Accusation also refers to California Code of Regulation, title 16, section  
21 404.1 which defines "responsible charge" for professional engineers.

#### 22 CHARGES AND ALLEGATIONS

23 5. On or about May 15, 2000, Respondent signed and stamped a "Preliminary  
24 Geotechnical Investigation" for Michael and Deborah Homan of Upland, California re "Single  
25 Lot, Residential Development, Parcel 1, P.M. 14490 Via de Oro, Glen Oaks, Riverside County,  
26 California - Project No. 20186-02" ("Homan Investigation").

27 6. The Homan Investigation was also signed by Warren Sherling ("Sherling"),  
28 listed as the "Director of Geotechnical Services." Sherling was a registered geologist (license #

3777) and certified engineering geologist (license # 1182), until these licenses were revoked outright, effective February 7, 2000, per Accusation and Decision of the Board of Geologists & Geophysicists No.01-98-02. Sherling's company was called "Earth Technics," with an address of P. O. Box 891989, Temecula, CA 92589.

7. Respondent's Homan Investigation was on the letterhead of "Earth Technics," P. O. Box 891989, Temecula, California.

8. In January, 2000, Michael Homan contacted Sherling and was quoted a price for a "perk" test. Thereafter and after April 28, 2000, Homan contracted for services with Sherling for a "perk" test, soil stability test, and a preliminary geotechnical investigation. Respondent signed and stamped the Homan Investigation. Homan hired an engineering firm, Temecula Engineering Consultants (TEC) to provide a grading plan. Respondent was not associated with TEC; Stanley Heaton was the licensed professional engineer at TEC responsible for the grading plans.

9. The County of Riverside rejected the Homan Investigation initially because the project required a licensed geologist's stamp.

10. Thereafter, the Homan's project was revamped so that less earth would be moved, thus removing the need for a geologist to sign off on the project. Sherling added a soils analysis so that the Homan Investigation would pass Riverside County's requirements.

11. Respondent was incompetent in his slope stability analysis for the subject site.

12. Respondent was incompetent in his failure to accurately model the slope and retaining wall in the cross-section attached to the investigation.

13. Respondent was incompetent in that his analysis failed to consider the worse case Factor of Safety for static analysis, which resulted in a Lower Factor of Safety.

14. Respondent was incompetent in that he did not follow County Guidelines and analyze the slope for seismic conditions.

1 **FIRST CAUSE FOR DISCIPLINE**

2 **(Unprofessional Conduct: Incompetence)**

3 15 Respondent is subject to disciplinary action under section 6775(c) for  
4 incompetence with regard to the Homan Investigation of May 15, 2000, as more particularly  
5 alleged below:

6 A. Paragraphs 5 through 14 above are incorporated herein by reference.

7 B. If Respondent took responsible charge of the Homan Investigation, then he was  
8 incompetent for all of the reasons above listed.

9 **SECOND CAUSE FOR DISCIPLINE**

10 **(Unprofessional Conduct: Aiding & Abetting Unlicensed Practice)**

11 16. Alternatively, if Respondent did not perform the analyses above-referenced  
12 and/or did not develop or form the Soils Engineering conclusions and recommendations in the  
13 Homan Investigation and/or was not in responsible charge of the Homan Investigation, then he is  
14 subject to disciplinary action under section 6775(f) for aiding and abetting Warren Sherling to  
15 practice civil (soils) engineering without a license.

16 **PRAYER**

17 WHEREFORE, Complainant requests that a hearing be held on the matters herein  
18 alleged, and that following the hearing, the Board for Professional Engineers and Land Surveyors  
19 issue a decision:

20 1. Revoking or suspending Civil Engineer License Number C 29150, issued to  
21 Larry James Fast;

22 2. Ordering Larry James Fast to pay the Board for Professional Engineers and Land  
23 Surveyors the reasonable costs of the investigation and enforcement of this case, pursuant to  
24 Business and Professions Code section 125.3;
